Story Seeker Privacy Policy

By using Story Seeker, you consent to the following data collection policy.

We (the developers of Story Seeker) do not collect **any** personal information (names, birthdays, addresses, etc) on users. The only identifying information that is retained is a user identifier provided by Amazon upon first interaction with the application. This is used to keep track of purchases, stories in user libraries and user provided ratings for stories.

For more information or questions, please contact the support team at:
